The game should be getting interesting once again. It looks like the people that send turns in late will soon be gone.

## PRESS

Proceedings of the United States Naval Institute, Winter 1910:  
 "During recent operations in Algeria and Tunisia, Navy ships operated several aeroplanes for reconaissance purposes. Not only were the aircraft extremely useful as scouts, but three of them dropped explosive devices during the attack on Oran in early November and thus terrorized many of the defending levies. On Admiral Schley's recommendation, the Navy is preparing to convert several ships to function as aeroplane-carriers."

Bernischer Beruf, 21 January 1911: "The recent lack of activity on the part of the Turco-Italian axis and its allies has not only weakened their positions dangerously, but also raises questions about the viability and strength of the alliance. The recent successes of their opponents are, indeed, due largely to Turco-Italian inactivity..."

Canberra Gazette - May 1911 - The locals are outraged by the recent brutal ax murders of 1000's of female kangaroos by the invading barbaric Japanese. It is theorized that this JAP 'army' consists of former JAP seamen who had been brutalized to insanity by these kangaroos during their prior occupation. Ehere are our LIMBY benefactors??
